

Who pays the surcharge?

The owners of residential and commercial property pay the Community Preservation Act (CPA) surcharge.

How does the surcharge calculation work?

For residential property owners, the surcharge is calculated as 3% of the product of the net assessed property value and the tax rate. The net assessed property value is the total property value annually established by the Board of Assessors less the \$100,000 exemption in value adopted by the Town. Commercial properties are not eligible for the \$100,000 exemption.

An example of a tax bill and surcharge calculation is shown below using Lexington's fiscal year 2012 (FY2012) median single family home assessed value and the FY2012 tax rate. Your FY2013 tax bill and surcharge will be based on FY2013 tax rate and FY2013 values.

Tax Bill Calculation Example		
(a)	FY12 median single family home assessed value	\$697,000
(b)	FY12 tax rate	\$14.97 per \$1,000 of assessed value
(c)	FY12 property tax (a) x (b)	\$10,434.09
CPA Surcharge Calculation Example		
(d)	CPA Residential Exemption	\$100,000
(e)	CPA Taxable Value (a) - (d)	\$597,000
(f)	CPA Tax Basis (b) x (e)	\$8,937.09
(g)	CPA Surcharge Percentage	3%
(h)	CPA Surcharge (f) x (g)	\$268.11
Total Tax Bill with CPA (c) + (h)		\$9205.20

When will I see the surcharge on my tax bill?

The surcharge will be shown on each quarterly tax bill. The amount shown for the 1st and 2nd quarters (issued 7/01/12 and 10/01/12 respectively) will be estimated and will be based on a preliminary FY2013 tax bill. The 3rd and 4th quarter bills (issued 1/01/13 and 4/01/13 respectively) will reflect your actual surcharge net of estimated 1st and 2nd quarter payments. The actual surcharge will be based on the FY2013 tax rate and FY2013 assessed values to be established in the fall, 2012.

Are there exemptions to the surcharge?

- The first \$100,000 of taxable residential value is exempt.
- An application-based full CPA exemption is available to moderate-income seniors and low-income residents, as explained below.
- Because the CPA surcharge is calculated as 3% of your property tax, any reduction in your FY2013 property tax due to an abatement or exemption approved by the Board of Assessors will result in a recalculation of your surcharge and a credit against the subsequent quarter's tax bill.

What are the requirements for full CPA exemption?

To qualify for this exemption in FY2013, you must meet certain income thresholds as prescribed by state law. The thresholds for FY2013 are based on 2011 income. An application must be completed and filed with the Assessors' Office.

Supporting documentation is required which will help the Board of Assessors make a determination of your eligibility for this exemption. A birth certificate or current driver's license must be included with your application. Copies of 2011 federal and state income tax returns may be requested to verify income for each household member.

Age and residence requirements must be met as of **January 1, 2012**. The income limits for FY2013 for those 60 years and older and those under 60 years are shown below.
